## **GENERAL INFORMATION**

---

### **GOVERNMENT TELEPHONE SYSTEMS**

The Ministry of Government Services provides telephone systems throughout the province for public servants to use in communicating with each other and with the public, in the conduct of Government business. At Queen's Park, both a Centrex telephone system, which facilitates direct-in-dialing, and access to an Inter-City Network for inter-city calling, are provided to serve ministries and agencies in the Toronto area. Centrex systems are also provided in Thunder Bay, London, Ottawa, Sudbury and Hamilton. New computerized telecommunication systems have been installed in Oshawa, Kingston and Toronto, providing, in addition to direct-in-dialing, many new features such as Forward Calling, Conferencing, and other management capabilities.

### **TELECOMMUNICATION SERVICES**

A complete range of telecommunication services are available to all Government users. Services encompass telephone (local and inter-city), intercom systems, fixed and mobile radio systems, radio paging systems, teletype systems, data communication systems, radio systems, facsimile, video, satellite and various other special telecommunication systems. New and improved common service voice, data, teleconference, radio and other services are currently under development, and will be introduced as soon as available.

Services provided include those of both an operational and an advisory nature. Operational services include telecommunication systems design, systems/service acquisition, systems implementation, and the provision and management of common telecommunication services (Centrex services, Inter-City Network). Telecommunication advisory services include system feasibility studies, systems planning, hardware and software evaluation, project management and coordination and both the preparation of request for proposals and the evaluation of supplier proposals. To obtain additional information or assistance regarding these services, call the Telecommunication Services Branch at 928-3650 (detailed listings on page 173).

### **CITIZENS' INQUIRY BUREAU**

The Citizens' Inquiry Bureau of the Ministry of Government Services is an information service which provides referral to all government programs and services. Call 965-3535. A province-wide TTY/TDD (teletype) service for the deaf is also available by calling 1-800-268-7095, or 965-5130 in the Toronto area. The office is located in Room M1-51, Macdonald Block, Queen's Park, Toronto, M7A 1N3.

### **KWIC INDEX**

The "KWIC Index to Your Ontario Government Services" is a companion reference directory to this telephone directory. The KWIC Index can be ordered by writing to the Ministry of Government Services Publications Services, 5th Floor, 880 Bay St., Toronto, M7A 1N8, or purchased in the Ontario Government Bookstore, 880 Bay St., at Grosvenor St., Toronto (Price — \$2.57 + 18¢ tax.)

## ELECTRONIC COMMUNICATIONS NETWORK

Telex and TWX are teleprinter systems which provide direct station to station communications anywhere in the world where there are compatible systems. Telecopier terminals permit the transmission of hard copy communications from one location to another.

Many Ontario Government Ministries employ these devices to transmit messages or document images to and from other offices, both inside and outside the government.

**Using the service:** For the convenience of those who wish to communicate with telex or facsimile terminals in Government offices, key contact numbers are shown where applicable, in the respective office listings. For Ontario Government numbers not found in this directory, or for numbers anywhere else in the world, telephone the facsimile mail service of the Ministry of Government Services, at 965-5521. After hours, call the Queen's Park switchboard, 965-1211.

**Acquiring the service:** If you do not have a telex or facsimile terminal, but wish to send or receive a message, contact the facsimile mail service at 965-5521.

If you wish information on acquiring this type of equipment, contact the Telecommunications Services Branch of the Ministry of Government Services, at 928-3619.

## INTER-CITY NETWORK

The Inter-City Network enables a caller to dial directly from government centrex lines in Toronto to hundreds of other Ontario localities without incurring a long distance toll charge. **It is to be used only for the conduct of government business by the staff of Government of Ontario Ministries and approved agencies, and members of the Provincial Parliament.**

If you are calling from exchange 963, 965 or 248, you can use the Inter-City Network to place a call to a point outside the local Toronto calling area. Staff who are served by "stored logic" telephone systems can access the Inter-City Network by referring to the operating instructions provided with that equipment.

Dial first the number shown in the "Inter-City" column, for the locality you wish to reach, then the seven-digit local telephone number.

If no Inter-City number for that locality is shown, you should place your call through regular long distance means. For this purpose, the area codes are also displayed in the following chart.

For information regarding access codes on the Inter-City Network, or to report troubles, call the Queen's Park operator at 5-1191.

For area codes of localities not listed, consult your Bell directory, or call the Bell long distance operator.

### **Out-of-Toronto Employees:**

**Always give your Inter-City number and area code when quoting your telephone number.**

The Honourable George Ashe  
Minister of Government Services

1984 is Ontario's Bicentennial.

I am sure that our forefathers of 200 years ago would be delighted if they had the opportunity to see for themselves the spectacular growth and progress their province has made.

They would be thrilled that present day Ontarians take great pride in their heritage. This feeling is very closely associated with province-wide celebrations during Bicentennial year, reflected on the cover of this new Government of Ontario telephone directory.

This edition has been improved by the Ministry of Government Services in several ways. Each Ministry's listing, for example, is preceded by a contents page which supplements the main contents information located at the front of the book. The new contents pages are designed, of course, to reduce further the time it takes to find offices and employees.

Through the years, concerted effort has been devoted to making this document as concise and easy-to-read as possible. We will continue to improve future issues, drawing upon your experience and suggestions as directory users. In this regard, a brief survey form is on the inside front cover of this issue. After you have familiarized yourself with the directory, please take a minute or so to complete the form and send it to my Ministry.

The Telephone Directory and its companion guide, the KWIC Index To Your Ontario Government Services, are designed to help you locate services quickly and accurately. If you require additional information, the staff of the Citizens' Inquiry Bureau, 965-3535, will be pleased to assist.
